**Kurt Jacob & Co. Pty. Ltd ("KJ Music", "we", "us", "our") Limited 90-day Warranty:
Harmonicas, tin whistles & Musical instrument cases.**

**IMPORTANT: FOR ANY GOODS SOLD ON OR AFTER 1 JANUARY 2012, THIS WARRANTY APPLIES
AND REPLACES ANY WARRANTY SUPPLIED WITH THE GOODS.**

Warranty against defects

This Warranty is in addition to and does not limit, exclude or restrict your rights under the Competition and Consumer Act 2010 (Australia) or any other mandatory protection laws that may apply. To the extent we are able, we exclude all other conditions, warranties and obligations which would otherwise be implied.

KJ Music warrants goods we distribute to be free from defects in materials and workmanship for the warranty period from the date of sale to the original retail consumer/purchaser ("the Original Purchaser", "you") whilst the goods are owned and used by the Original Purchaser.

If an item is found to be defective under the terms of the warranty KJ Music will, at its expense and at its option:

Repair the item, or

Replace the item or supply an equivalent item, or

Pay the cost of such repair or replacement.

Subject to the availability of new parts, refurbished parts may be used to repair the item – you will be notified of this in advance of such repairs being carried out. We warrant any replacement parts for the remainder of the period of warranty for the goods into which they are incorporated. This excludes consumables such as reeds, pads, corks, felts and strings.

For repairs outside the warranty period, we warrant our repairs to be free from defects in materials and workmanship for three months from the date of the original repair. We agree to re-repair or replace (at our option) any materials or workmanship which we are satisfied are defective.

We warrant that we will perform services with reasonable care and skill and agree to investigate any complaint regarding our services made in good faith. If we are satisfied that the complaint is justified, and as our sole liability to you under this warranty (to the extent permitted at law), we agree to supply those services again at no extra charge to you.

To make a warranty claim you must, before the end of the applicable warranty period and at your own cost, return the goods you allege are defective to the place of purchase. You must also provide written details of the defect, and provide an original or copy of the sales invoice or some other evidence showing details of the transaction including your name, the make, model and serial number (if any) of the item.

If we determine that your goods are defective under the terms of the warranty, we will pay for the cost of returning the repaired or replaced goods to you, and reimburse you for your reasonable expenses of sending your warranty claim item to us.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Special notes:

It should be noted that any defects in materials and/or workmanship should be apparent at the time of purchase or within a few days of purchase. Please inspect goods thoroughly at the time of purchase. Harmonicas should be tested using a bellows-type testing device at the time of sale.

The reeds in harmonicas can be put out of proper adjustment by being played too vigorously and by the various playing techniques used. They will also eventually break due to metal fatigue. It is impossible to manufacture a harmonica that would never go out of adjustment (unless it is never played).

Please see <http://www.hohner-cshop.eu/cms/index.php/en/> for advice from Hohner about the care and maintenance of harmonicas.

Harmonicas will show signs of wear from normal use due to contact with the player's lips, tongue, hands and saliva, all of which are naturally corrosive.

All harmonicas are hand tuned and finished as part of the manufacturing process, and therefore it is most unusual for there to be any non-working reeds in a new harmonica. Most problems can be rectified by modifying playing technique and by regular cleaning of the harmonica. Foreign matter such as food, hair, saliva and mucous are also common causes of problems.

It is most important that you communicate immediately with your retailer or us about any perceived problems. Most problems can be fixed very quickly by us or our authorised dealers.

Please keep your proof of purchase documents to expedite any warranty claims or queries.

This warranty does not cover:

Normal wear and tear;

Goods modified or altered in any way;
